Hi Karen,

I reached out to D&T to get the updated audit fees and they are proposing $7,510 for the program audits except for the Tobacco Formula audit which is $9790. This may change but most likely these will be the rates so you can post these to your website. The fees generally go up around 5% each year, but you should probably check with me to verify the rates yearly around this time.

Let me know if you have any questions.

Thanks,
Jen

Jen,

Could you provide Karen with the current program audit cost for posting on the OSP website?

Thanks,

Vicki

Vicki,

It has been brought to my attention that the OSP's website has outdated information regarding the cost of a COP DCED program audit. Here is the current document on our website, which is an email to the ACOR listserv from my predecessor JoAnn Parsons regarding the 2013 audit rate provided by you.

Can you please provide me with the current cost of an audit, estimated inflation, and clarification on how often I should contact you for the new rate?

Many thanks!
Karen Little
