Thank you for your interest in sponsoring student research in connection with **[Class Title and Semester Date]**. As a result of your sponsorship and involvement, **[graduate and/or undergraduate]** students at The Pennsylvania State University (the “University”), **[Department and Branch Campus name, if any]**, will be investigating and researching the issues you have presented. Such focused research is a key aid in developing students’ understanding of the practical application of academic research services. In return for your sponsorship and participation, the University will provide you with a copy of the research results, including, as appropriate, any data, analysis, hardware and/or software (the “Research Results”), provided you agree with and acknowledge the following terms.

1. Research Results provided shall be used solely for your own internal review and analysis. Any and all rights to the Research Results, including all Intellectual Property Rights, if any, shall remain the rights of the individual student participants as appropriate under the law regarding rights to and ownership of intellectual property. Prior to any commercial use or subsequent transfer of any Research Results, you must obtain the appropriate rights from the respective owners. For more information concerning the individual rights holders, please contact **[supervising faculty contact or administrative contact information]**.

2. All research performed is to be done by University Students and is not subject to peer review or independent verification of results. You hereby agree to indemnify and hold harmless University, its agents, employees, students and volunteers for any and all harm, loss, liability, claims or damages which may arise from your use of the Research Results in whatever manner or form.

3. The Research Results are not the work of the University and any references either internally or to third parties shall clearly identify the source of the Research Results as **[graduate or undergraduate]** student research performed at The University without subsequent independent evaluation.
